STATEMENT FROM MONROE COUNTY EXECUTIVE CHERYL DINOLFO ON BATON ROUGE, LA TRAGEDY

"My heartfelt condolences go out for the officers killed or wounded in Baton Rouge, their grieving families and the law enforcement community who suffered yet another tragedy today.

These horrific acts of violence against the very men and women who courageously serve and protect cannot continue. We are a nation built upon law and order, a nation that thrives in peace and desperately seeks a return to respect for all human life.

It is my hope for everyone in Monroe County to take time to offer thoughts and prayers for those affected by today's tragedy and extend appreciation to our police officers who put their lives on the line for us each and every day."
